

Hi! I'm Minda Briaddy. I live in Saranac Inn with my husband, teenage son and two large dogs. I used to be a special education teacher but now I teach others how to use Doterra Essential Oils and I take care of my family and home. I enjoy gardening, travel and painting.

A few years ago I had stage four cancer and was honored to participate in the Mad Hatter Ball by sharing my story of healing. Since then, I was able to attend the Fall Creative Arts Retreat and then I was asked to consider being a board member. You could say I fell in love with the Creative Healing Connections mission when I realized that being connected with this organization helped uncover the artist in me again. I'm one of the few board members that fits the profile for the people we serve. A woman who has faced chronic illness and or cancer in the face and has found a way to thrive thanks to creativity and healing thru the Arts. It is because of that experience that I will serve this board, and all those it serves, with passion and do my utmost to make sure this organization thrives!

In the past, I have served on the Ecumenical Council, and the Harriestown Housing Authority Board for 5 years each. I am on the Advisory Committee for AFFCNY (Adoption and Foster Family Coalition of New York) and I recently served on the advisory committee for the Cystic Fibrosis Treatment for Albany Medical Center.
